D.zero²
HYDRO

Electric Street Washer

Wash and sanitise

The D.zero²Hydro is the first all-electric street washer created by Dulevo.

Attention to the environment

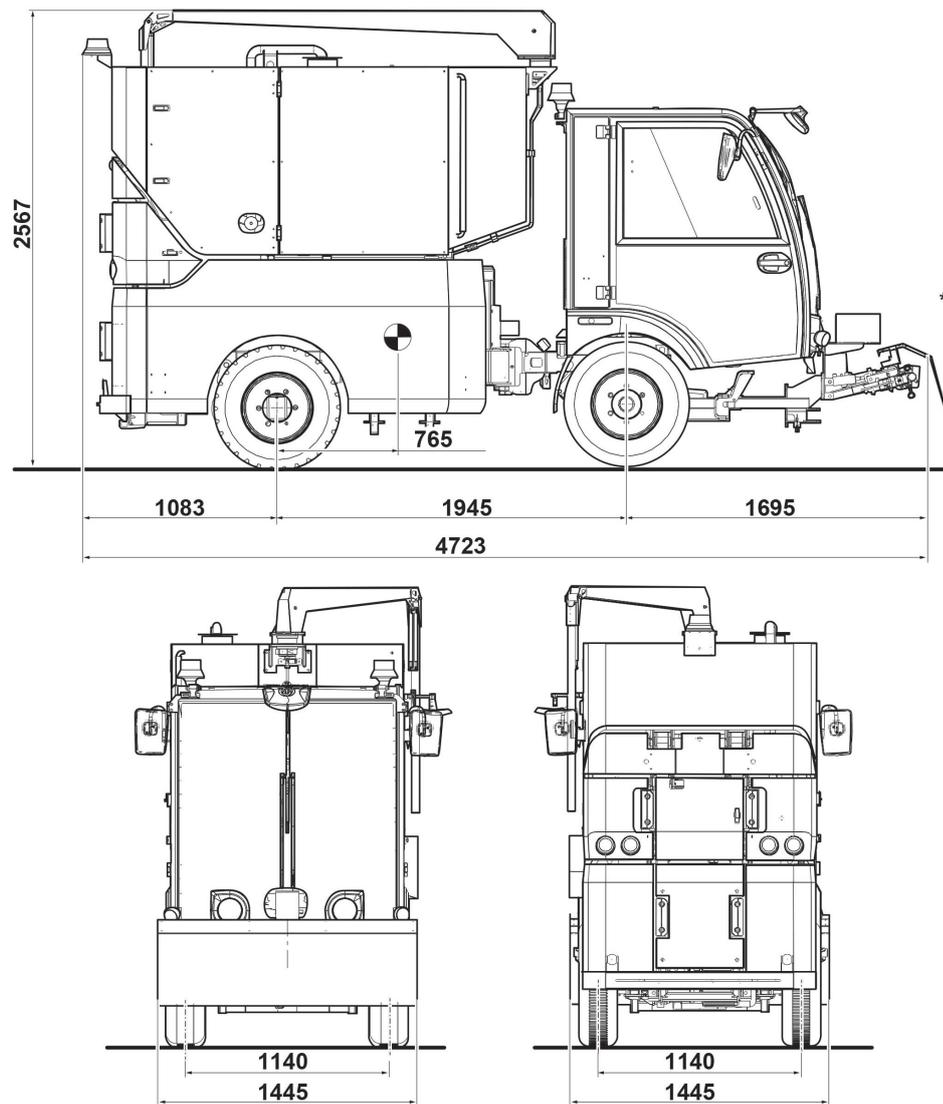

Thanks to its innovative eco-friendly technology, performance and small size, it is its compact dimensions, it is perfect for meeting the needs of municipalities and want to invest in the quality of life of their citizens.

Efficiency everywhere

The D.zero²Hydro street washer is designed for the high-pressure cleaning and sanitising of urban areas, but is also easily adapted to industrial areas, resorts and any place where a high level of hygiene is required.
